Subject: TechLaw START - Dimock Sampling

Ms. Page,

This afternoon TechLaw was asked to supply 11 more people for the Dimock Sampling event. This will bring the total up to 21 people. We have also been asked to have these people there tomorrow. They have also indicated we should plan on having them be there for 4 weeks.

We are also currently supplying 7 people for the data review/management piece of this project.

I need to discuss all of this with you both as soon as possible. Items for discussion include travel, mob and de-mob, and personnel. Please let me know when is a convenient time to discuss this. I have copied Mr. Rob Young on this e-mail as I will be traveling tomorrow morning and may not be available. However he will have his cell available all day tomorrow. Rob's number is 312-550-0699.

Sincerely,
Joe Baer
